

KNOW YOUR VOTING RIGHTS

**I do not have to prove my IQ or my ability to read and write to vote.
Only a court can take away my voting rights.**

**I may vote even if I have a conservator, unless a court has explicitly
said I cannot.**

If I need help to vote, I do not have to explain why.

I can have someone I choose or a poll worker help me vote if I ask.

**I may ask for an accessible voting machine if I need one. Every
polling place is required to have one.**

If you experience a problem while voting call Disability Rights TN at: 1-800-342-1660
